## About Me

Johnson is a passionate interior designer, with an expertise in understanding his customers' requirements and delivering values in addition to the expected results.

With an experience of over 10 years, spanning across a variety of design fields, including exterior facade works like ACP & structural glazing, Johnson is today one of the most sought designers in Chennai, India.

His works include a wide range of projects, from low budget retail shops and residential spaces, to luxury gyms and villas.

# BUDGET RESIDENTIAL PROJECTS

SONALI MEHTA RESIDENCE | JENNIFER RESIDENCE

# SONALI MEHTA RESIDENCE

Sonali Mehta was a client who wanted to make her small house seem spacious and trendy, within a affordable budget.

Hence large mirrors, white flooring & electrical fittings, Panelled Walls, multi-layered false ceilings were employed to make the room look enormous, airy and spacious.

Wall hangings, Ceiling lamps, trendy storage units and bedspreads that complimented the wall colours were used to enhance the overall visual appeal.

Wooden-textured mica has been used for all furniture to maintain uniformity in the colour scheme and ensure contrast.

# JENNIFER RESIDENCE

Fancy fittings | False Ceilings | Wallpapers |  
Modular storage spaces | Trendy Shelves |  
Complimenting Curtains & Furniture

# COMMERCIAL PROJECTS

Gym | Parlour | Retail Shop | Others

# Luxury GYM

- Better Equipments
- Better Spacing
- Better Lighting
- Better Flooring
- Better Aesthetics
- Better Experience

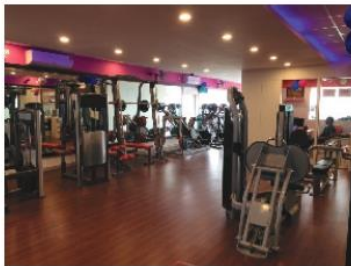

# GYM

The gym spaces are designed with an intention of accommodating maximum equipments and arranging them in a manner such that it does not restrict movement.

The parallel arrangement of treadmills and cardio equipments ensure subtle competitiveness and motivation among fellow users.

Though the focus is on artificial lights to enhance the ambience, the large windows allow natural light to illuminate the workspace.

The wooden flooring ensures a mood elevation and subtle cushioning for the intense exercises.

Parlours are great spaces to relax, rejuvenate and refresh people. Hence, the objective was simplified to ensure pleasant wall & floor colours, a warm white ambient lighting and ergonomically enhanced furniture arranged to allow movement, while giving provision for their branding requirements.

# PARLOUR

Workspace | Waiting Lounge | Reception Desk

## RETAIL SPACE

Garments | Products | Accessories

Apart from a warm-white ambient lighting, focus lights and rack lights are set up to enable the customers to evaluate the original colour of the products.

Glass racks and metal hangers are employed to display the products and achieve a subtle enhancement in the presentation.

Glossy flooring & Mirrors, compliment the visual experience of the retail space.

Wooden desks with glass tops are used to enhance storage and visual appeal.

## Residential project

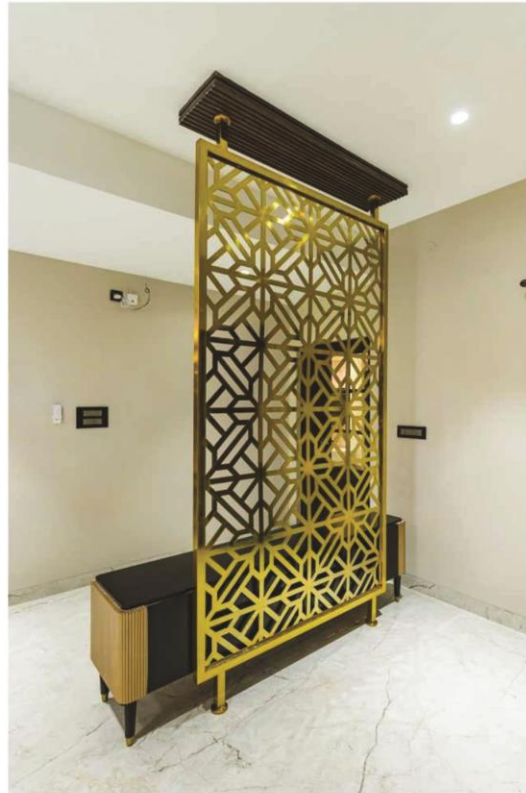

ELEVATE YOUR MODERN DINING ROOM WITH  
LIGHTING

## Sarojini jewellery - dharmapuri

An Excellent Display Of Beauty And Depth  
Every element in this retail space is detailed as a piece of jewellery. Each display section has been designed according to the product range.

These individualistic display systems ensure each jewel stands out while getting its own space to celebrate the craftsmanship of the deluxe products.

Even the lighting spectrum is customised to enhance the product range in respective zones.
